

BESPOKE BRIDLE MEASUREMENT GUIDE

1

HEADPIECE

From the end of the throatlash one side to the end of the point strap the other side.

2

BROWBAND

Measure the browband's total length from one end to the other.

3

BIT TO BIT

From where the cheekpieces join the bit one side over the head to where the cheekpieces join the bit the other side.

4

NOSEBAND HEAD STRAP

Measure the headstrap from where it joins the noseband one side over the head to where it joins the noseband the other side. Do not include the noseband.

5

NOSEBAND FRONT

Measure between the two headstraps excluding the headstraps.

6

NOSEBAND

Measure the noseband, excluding the buckle, from one end to the hole that you do up on.
